A mixed message

Shaquille O'Neal "goes toe to toe with child obesity," says the cover of this TV section from a paper in Rochester, Minn. So what's with the ads for ice cream and fried chicken? (By the way, that KFC meal comes with "mega size mashed potatoes, large gravy, large coleslaw, and six biscuits." Eat hearty, kids.)

WHAT'S OLD IS NEW

How can these sausages use the original recipe yet have a great new taste? "That's a great question," said a customer service rep for Johnsonville. "I'm sure they used the same basic recipe and just changed the spice blend or something." So make that a great new-ish taste.

A-DOOR-ABLE HOUSE FOR SALE

Did the agent who advertised this house think no one would notice its little flaw?
