

How to access your Coursemate course

Registration

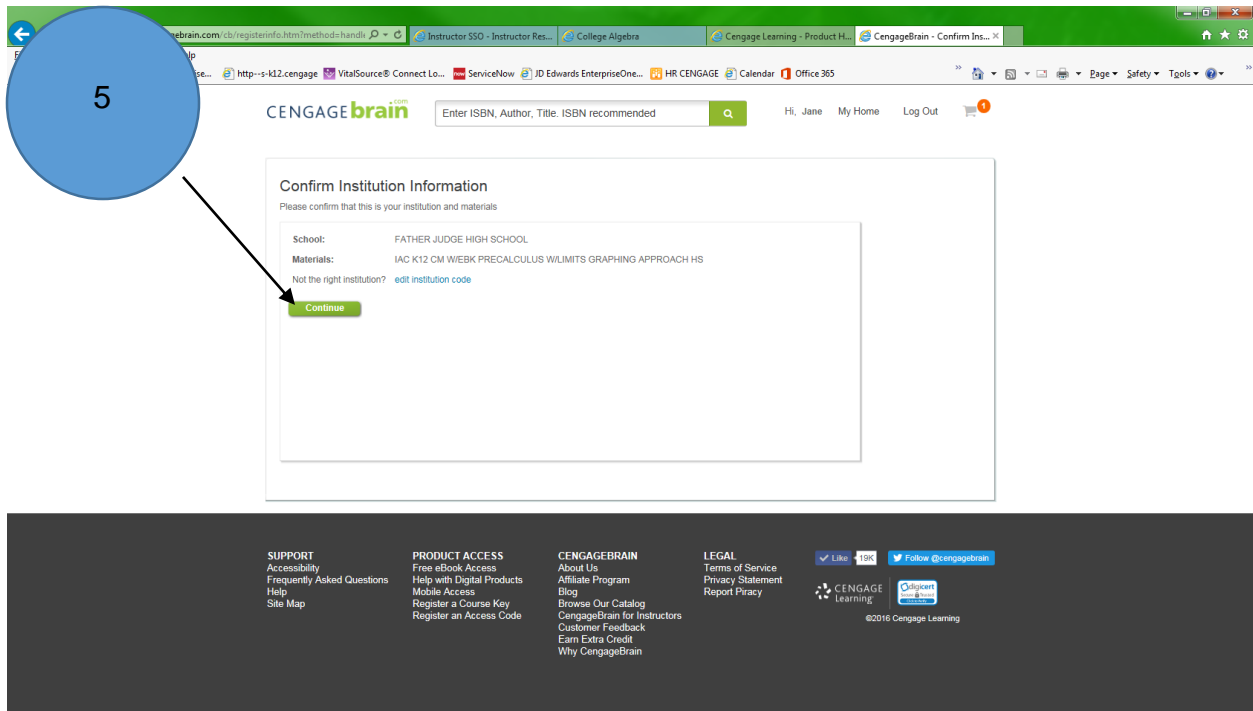

1. Log into www.cengagebrain.com and go to "register a product" in the upper right corner.
2. If you do not have a CengageBrain SSO account, you will need to register for an account. (see illustration below)
3. If you are an existing user, you should enter your credentials to access the site. (see illustration below)

4. Once you've established your account, **or** logged in with your existing credentials. You now need to register the code(s) provided by your instructor. You will have two codes. An enterprise license code and a course key. The enterprise license code will be entered first in the area shown in the illustration below.

The screenshot shows the CengageBrain user interface. At the top, there is a navigation bar with the CengageBrain logo and a search bar. Below this, the 'My Home' section is displayed. On the left, under 'My Courses & Materials', there are two course listings: 'Precision Machining Technology, 2nd Edition' and 'American Pageant, AP® Edition, 16th Edition'. To the right, there is a 'Have Another Product to Register?' section with a text input field and a 'Register' button. A blue circle with the number '4' is positioned to the left of the 'Register' button, with an arrow pointing from the circle to the button. Below the 'Register' button, there is a 'Support: Need help?' section with links for 'FAQs' and 'Support'.

5. You should confirm the institution information is correct for the product the Coursemate product they are registering and click continue if everything is correct.

6. You should now see the product listed on your “My home” page.

Click “open” to enroll in your course by entering the course key your instructor also provided.
